

KEY SHINE

KEY234

TECHNICAL BULLETIN

Final Detail Wipe

Description

Key Shine is a thin, lightly scented, ready-to-use liquid designed for use on chrome, glass and painted surfaces. It produces a dramatic residue-free shine and will easily remove dust, fingerprints, light dirt, as well as buffing and polishing residue without leaving behind any film. Key Shine is designed to produce exceptional results with clay to remove surface contaminants.

Benefits

Key Shine is an excellent showroom maintenance product that produces exceptional results without using water. It works on a variety of surfaces, including wood, veneer, chrome and glass. A light spray and wipe will get the job done.

- ◆ Safe on Paint
- ◆ Great for Paint, Chrome and Glass
- ◆ Excellent Spray Lubricant for Clay Operations
- ◆ Residue-free
- ◆ Time Saving
- ◆ Biodegradable
- ◆ No Water Requirements

Directions

- 1) Lightly spray mist on a small section of the vehicle and spread evenly using a folded clean terrycloth or microfiber towel.
- 2) After first wipe, use other side of cloth to wipe to a higher shine.

Note: *Can also be applied to cleaned, wet vehicle just prior to chamois dry for a spot-free high luster finish*

Sizes

Quart, Gallon
