

KEY APC (ALL PURPOSE CLEANER)

KEY 276

Description

Key APC is a biodegradable, non-caustic, non-butyl liquid that works in numerous applications. It is gentle and when diluted correctly, safe to use on most all exterior surfaces such as fully cured paint, rubber, chrome as well as automotive interiors including vinyl, leather, plastic, fabric and metal surfaces.

Benefits

Key APC will clean upholstery, carpets and interior vinyl/leather panels. Key APC is an effective white wall cleaner and engine degreaser as well as an excellent de-waxing agent. Please see dilution recommendations below for safe consistent results.

- ◆ Biodegradable
- ◆ Non-Caustic
- ◆ Non-Butyl
- ◆ Excellent Foaming
- ◆ Pleasant Scent
- ◆ Safe on Paint & Aluminum (when diluted properly)
